## WELCOME TO GTD

Charles DePauw  
Apprentice

Paul Meyer  
Apprentice

Kerry Dobbrastine  
CNC Machinist

## GREENVILLE TOOL & DIE APPRENTICESHIPS

Congratulations to these recent high school graduates from left to right: Jorge Avalos, Keigan Johnson, Matt Diehl, and Kaden Gnuse who have been working at Greenville Tool & Die as cooperative student learners in our Pathfinder program and are now candidates for an apprenticeship opportunity. GTD has had registered apprentice programs with the Bureau of Apprenticeship and Training, U.S. Department of Labor since 1951. These 4-year programs include Tool and Die Maker, Tool & Die Designer, CNC Machinist, and Maintenance Mechanic. They combine 8000 hours of paid on-the-job training with 600 hours of academic related instruction at Montcalm Community College. Greenville Tool & Die will pay tuition and fees in these courses as long as the apprentice meets certain grade and attendance requirements. More than half of our current employees were co-op students for us originally. Greenville Tool & Die wishes these young men the best for a long and successful career in this industry.

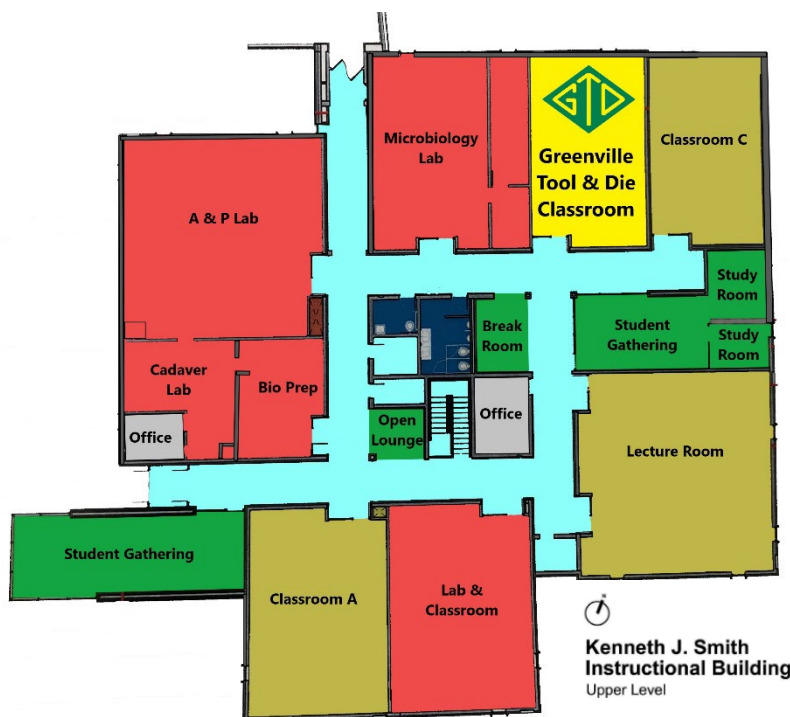

## JOURNEYMAN CERTIFICATION

Congratulations to from left to right: James Mankel (CNC Machinist), Jack Hansing (Diemaker), Jeremy Payne (CNC Machinist), and Ken Mankel (CNC Machinist) who have completed all requirements to obtain journeyman certification. Greenville Tool & Die is extremely proud of their hard work.

Montcalm Community College has completed a major renovation to the Kenneth J. Smith Instructional Building at the Sidney campus. The building now features specialized classrooms and advanced labs providing top-class STEM (science, technology, engineering, and mathematics) learning experiences. Greenville Tool & Die Human Resource and Safety Director Rich Ring and his wife Susan are pictured in front of the new Greenville Tool & Die classroom. In acknowledgement of GTD's donation to MCC's "Transforming Lives, Empowering People" campaign the agricultural & animal science classroom has been named in our honor. The Greenville Tool & Die classroom is in the upper level of the Kenneth J. Smith building.

## July

1<sup>st</sup> .....Justin Stump  
 3<sup>rd</sup> .....Eric Mills  
 4<sup>th</sup> .....Cory Selleck

## BLOOD DRIVES HOSTED AT GREENVILLE TOOL & DIE

Forty employees/retirees donated blood at the last drive held in June at Greenville Tool & Die. The following reached milestones:

Luke Hansen – 1 Gallon  
Travis Colter – 4 Gallons  
Derrick Baker – 8 Gallons  
Fred Murray – 9 Gallons

Thank you all for your generosity to this worthy cause. Every pint donated has the potential to save three lives!

The next blood drives hosted at Greenville Tool & Die will be:

August 2, 2023  
September 27, 2023  
December 6, 2023

## MICAREERQUEST: A UNIQUE CAREER EXPLORATION EXPERIENCE

MI Career Quest is a hands-on event day where local students can explore companies in Michigan within different industries including manufacturing, information technology, health science, and a construction sector. GTD Diemaker Jeff Waite, Recruiter Allison Horner, and Staff Accountant Mandy Christian attended the Career Quest in Grand Rapids on May 24<sup>th</sup> to showcase the career opportunities available at Greenville Tool & Die such as diemaker, CNC machinist, design engineer, and quality control inspector. Individuals who choose these occupations open up incredible opportunities for high-paying positions with lasting job security. Additionally, Greenville Tool & Die is an employee-owned company, so every employee earns shares of our company stock.
