

(L-R): Jary Shinabarger, son D.J., and wife Amy.

JARY SHINABARGER - 25 YEARS

We salute employee Jary Shinabarger who on June 18 reached 25 years of service.

During his high school years at Carson City/Crystal High School, Jary worked several part time farm and custodial jobs. He was also taking Machine Tool at the Montcalm Area Career Center with Mr. Bruce Rozell. This afforded him an opportunity as a Co-op student here at GTD which he started in August 1988 prior to his senior year of high school.

After graduating from high school in early June 1989, Jary was offered and accepted full time employment at GTD on June 19, 1989 as an apprentice tool & die maker. He completed this apprenticeship on May 10, 1996.

Jary has spent the majority of his years here at GTD as a die maker but in recent

years he has been honing and developing his skills as an expert machinist now spending the majority of his time running our Cincinnati Lamb as well as other mills. And, he says he enjoys this type of work.

He and his wife, Amy, have a son, D.J., 10. When not at work, Jary likes spending time with the family and fishing, and in recent times has developed a passion for smoking and barbequing various meats on his smoker/grill at home. In fact, some of his friends now call him the "Master Griller." He is continually reading books about grilling and smoking meats and now has plans to build his own custom smoker. He recently bought a welder so he can now fabricate the smoker.

Thanks Jary. Best wishes to you for continued success in your career.
