

### TOOLBITS NEWSLETTER ESTABLISHED 1966

This month commemorates fifty-four years since Greenville Tool & Die's ToolBits monthly newsletter began in November 1966. The ToolBits showcase accomplishments at GTD such as advancements in technology and tooling capabilities, company growth, and the talented skill set of our employees, both personally and professionally. Download the Toolbits at [gtd.com/newsletter](http://gtd.com/newsletter).

# ELECTION DAY

**DON'T FORGET TO VOTE NOVEMBER 3<sup>RD</sup>**

# 2020 RACING SEASON COMES TO AN END

The impact of Covid-19 was evident on the 2020 racing season, but these Greenville Tool & Die employees continued to make us proud. Tool & Die Designer Cory Selleck (top left) had an average speed around 113 mph on the 1/8 mile this summer. Tool & Die Designer AJ Selleck (middle left) ranked 3<sup>rd</sup> in the Mid-Michigan Motorplex IHRA Modified final standings after multiple wins this season. Cory's daughter, 7 year old Ryden Selleck (bottom right), also ranked 3<sup>rd</sup> in her 7-9 Junior Dragster Division. This was Ryden's first year racing. She ran around 55 mph each race and had some of the best reaction times. You might assume AJ and Cory learned from their Dad, Tool & Die Machinist Ken Selleck (bottom left), but they say when it comes to racing they are all learning from each other. Tool & Die Maker Apprentice Austin Wonch (top right) was 1<sup>st</sup> place in the Crystal Motor Speedway IMCA Modified final standings for the second year in a row! Well done everyone.
