SERVICE AWARD

Congratulations to Jerry Smith who reached 30 years of service on October 8th. Thank you Jerry for your commitment and the accomplishments you have brought to Greenville Tool & Die.

Greenville Tool & Die has been a proud employee-owned company since 2005. Every year, we contribute shares of GTD or cash to the Employee Stock Ownership Plan (ESOP) for all the employee-owners. Using past financial performance and future projections, GTD is evaluated yearly by an independent valuation company to determine the stock price. Every employee-owner is rewarded with a higher stock price as the company grows and performs well financially. Since all employee-owners directly benefit from higher performance, we strive to design and build the highest quality tools and dies in the industry.
