

### DIMPLED PATTERNS: NO DESIGN TOO COMPLEX

Pictured above left to right: Brad Throop, Roland Demorest, and Jesse Playter

Through the cooperative efforts of our simulation, design, toolpath, and machining departments we were able to account for a specified dimple pattern on .4mm thick aluminum, which helped diemaker Jesse Playter build a quality tool. Thanks to everyone who was involved, especially design leader Roland Demorest and diemaker Jesse Playter. Another job well done.

### HAPPY HALLOWEEN

TRICK OR TREAT
