

GREENVILLE TOOL & DIE – AN EMPLOYEE OWNED COMPANY

Macade (Mac) Paulson is shown above (top) holding right and left hand rail reinforcements made from 1.5mm thick high strength steel. The dies that produce these parts were made here at Greenville Tool & Die with a combined effort from program management, simulation, CAD design, CNC machine, and build. Pictured (bottom) left to right: Brad Throop, Nate Akin, Dwayne MacLaren, Nick Feuerstein Gaven Tift, and Jay Vlahas. Their exceptional quality in workmanship is an accomplishment we are very proud of. Good job men.

October is National Employee Ownership Month, and at Greenville Tool & Die, we are proud to be an *Employee Owned Company* since 2005. Thank you to our employee owners for their direct investment into the success of their company.
