

GREENVILLE TOOL & DIE BUILDS QUALITY PARTS

John Senn (top left) and Jeff Waite (top right) are pictured holding the top and bottom shell of a 1mm thick stainless steel muffler. Pictured center top to bottom: Jim Buskirk, Ronnie Griffin, Luke Hansen, Jordan Melching, Dan Pitch, Justin Ross, and Jay Vlahas were also instrumental in the completion of this project. Together these men did an exceptional job designing and building the tooling and created a high quality part. Great job team.

BRIAN LAKE – QUARTER CENTURY OF SERVICE

Congratulations to Tool and Diemaker Brian Lake who was the 102nd employee to complete 25 years of service on September 5th. Brian is the son of Larry and Emma Lake. He comes from a big family with 5 siblings: Allen, Dale, Sue, Jackie, and Marie. Brian was born in Greenville and raised in Palo. He graduated from Ionia High School and served in the US Marine Corps from 1979-1993. Brian began his career in tool and die with Tomco in Belding. He joined Greenville Tool and Die when Tomco was purchased in 2003 and has been a valuable addition to the GTD family ever since. Brian has a beautiful wife named Rosemarie and 3 lovely daughters: Jenny, Amber, and Letha. Each of his daughters have given him 4 grandchildren, totaling 12 grandkids and 1 great grandchild. When Brian is not building and assembling dies he enjoys hunting, fishing, and bike riding. He has been featured in the Toolbits numerous times in the Dalmac Bike Tour, riding 4 days and approximately 300 miles from Lansing to Mackinaw. Brian really enjoys any shooting sport. He frequently gets together with a handful of coworkers for skeet shooting. His favorite is the 1000 yard long shot in Lake City. Over the past 25 years Brian has seen a lot of changes in the capabilities at Greenville Tool & Die from designing and building small line dies to very large transfer and progressive dies. All the challenges we have faced have been what kept Brian interested in the tool and die trade. Thank you Brian, for your service in the US Marine Corps and additionally, 25 years of service to Greenville Tool & Die.
